

# LED PHOTOTHERAPY

---

This treatment accelerates the rejuvenation of the skin by boosting collagen and elastin production. It improves circulation, reduces pigmentation, redness and heals blemishes/acne. All LED treatments are combined with Dr. Grandel active concentrate ampoules, taking this treatment to the next level of skincare.

## Super Boost LED

This treatment targets all skin concerns, includes a cleanse, tone, LED light + ampoule, concluded with a moisturiser and SPF.

30min
